

# GET THAT BOD

## Client Consultation, Informed Consent & Liability Waiver

---

### TREATMENT INFORMATION

Fat Cavitation, Radio Frequency Skin Tightening, and EMS Sculpt are non-invasive cosmetic treatments designed to assist with body contouring, skin tightening, and muscle toning.

These treatments are cosmetic procedures only and are not intended to diagnose, treat, cure, or prevent any medical condition.

Results vary between individuals and no guarantees have been made regarding treatment outcomes. Multiple sessions may be recommended to achieve desired results.

### MEDICAL DISCLOSURE

By proceeding with treatment, clients acknowledge that they have disclosed all relevant medical conditions, medications, allergies, injuries, implants, and other health-related information that may impact treatment safety.

Clients acknowledge that withholding medical information may increase the risk of adverse reactions and may affect treatment safety.

### POSSIBLE RISKS & SIDE EFFECTS

Possible side effects and risks associated with these cosmetic treatments may include, but are not limited to:

- Temporary redness
- Mild swelling
- Muscle soreness or fatigue
- Tingling sensations
- Mild cramping
- Temporary tenderness
- Skin sensitivity
- Temporary discomfort during treatment

Although uncommon, adverse reactions may occur.

### CLIENT ACKNOWLEDGEMENT & CONSENT

Clients acknowledge that they have read and understood the information provided regarding treatment procedures, risks, possible side effects, expected outcomes, and aftercare recommendations.

Clients understand that treatment outcomes vary between individuals and that no guarantees or warranties have been made regarding results.

Clients understand that multiple sessions may be required for optimal outcomes and that practitioners reserve the right to refuse or discontinue treatment where contraindications or safety concerns exist.

### LIABILITY WAIVER

Clients acknowledge that they are voluntarily undergoing cosmetic treatment at GET THAT BOD at their own risk.

GET THAT BOD, its owners, employees, contractors, and practitioners are not liable for adverse reactions, injury, loss, or complications arising from treatment except where caused by negligence or unlawful conduct.

Clients confirm that all information provided prior to treatment is true and accurate to the best of their knowledge.

## **PHOTO & MEDIA CONSENT**

Clients may be asked separately for consent regarding treatment photos, videos, and marketing material usage.
